📍 **Grading** – Choose your grading preference among many options. Rapid valuation is a new-and-improved way to grade student submissions.

⌚ **Flexible assessments** – Perform is your go-to place to create and perform 1:1 assessments. Perform now utilizes an ACTFL-aligned proficiency rubric to track your students' proficiency growth over time.

📊 **Differentiated instruction** – Discover allows you to assign content easily to students from all levels of the program, whether they need to remediate a concept from last semester or need to move ahead to more challenging material.

🗣 **Communication Tools** – Bring the back row to the front with Passport's Share video tool. With **Share**, it's easy to introduce a new kind of social engagement into the world language classroom: teachers create questions or prompts, and students respond through recorded videos. Un poco más: Cultura

San Miguel de Allende 1.2, 3.2

San Miguel de Allende es una ciudad famosa por su arquitectura colonial española.

En San Miguel de Allende, hay muchos sitios de interés turístico:

- Visita la Parroquia³ de San Miguel Arcángel. Originalmente, la iglesia fue construida a fines del siglo XVII con un diseño⁴ convencional. En 1880 Zeferino Gutiérrez Muñoz la transformó completamente y ahora es la iglesia más fotografiada de México.
- Si te gustan los objetos artísticos, no vayas a un almacén grande, ve al Mercado de Artesanías⁵. Las artesanías de lana y latón⁶ son las especialidades de la zona. O visita las muchas galerías de arte.
- Durante el día, camina por la plaza principal y su jardín. Es el corazón de la ciudad. Allí puedes comprar flores y artesanías. Es un lugar perfecto para descansar. Vuelve a la plaza por la noche, y escucha a los mariachis.
- Visita el Museo Casa de Ignacio Allende para conocer más sobre Ignacio Allende, héroe de la Independencia de México.
- Y por último, para en uno de los muchos cafés y disfruta unos churros con un chocolate caliente!

Prácticas 1.2, 2.1

El Desfile (parade) de los Locos es un evento que ocurre una vez al año en San Miguel de Allende. La gente se disfraza de (dresses up as) personas famosas del cine o la televisión, o de la política, y desfilan por la ciudad. Mientras caminan por las calles, les dan dulces a los espectadores.

Cultura

El sabor de Colombia 1.2, 2.1, 2.2

Colombia es un país orgulloso¹ de su belleza natural, su historia y su cultura, pero sobre todo de su gente, su determinación, su optimismo y su hospitalidad. El colombiano recibe a locales y a extranjeros con alegría y amabilidad, haciendo que se sientan bienvenidos. El colombiano también se siente orgulloso de su cultura, la cual celebra y difunde² en eventos como la Fiesta Nacional del Café, la Feria de las Flores o el Festival de la Leyenda Vallenata —un festival de música folclórica de la región caribeña. Estos son eventos donde se siente el calor, el color y el sabor del pueblo colombiano.

Colombia es un país que valora su riqueza⁴ natural y la necesidad de conservarla para las generaciones futuras, como es el caso del Parque Nacional Natural Tayrona en la costa del mar Caribe. Además de ser un santuario de fauna y flora de increíble belleza, el parque alberga⁵ las ruinas arqueológicas de la civilización tayrona, uno de los grupos indígenas que habitaron la región en la época precolombina.

Productos 1.2, 2.2

¿Qué ciudades de Estados Unidos se conocen por sus monumentos y arquitectura? ¿Cómo se comparan con San Miguel de Allende?

Comparaciones 4.2

Las mojigangas son un ícono de la vida de San Miguel de Allende. Son marionetas o títeres gigantes. La cabeza y el busto son de papel maché. Lleva un vestido que cubre el busto. Una persona hace el trabajo de mover el busto y la cabeza. Las piernas de la persona son las piernas de la mojiganga. Las mojigangas están presentes en celebraciones, fiestas populares, bodas (weddings) e incluso mucha gente las usa como objetos de decoración.

Productos 1.2, 2.2

“Colombia, realismo mágico” es el nombre de la campaña de turismo que lanzó Colombia en 2013. Colombia es la tierra del “realismo mágico” porque es la tierra del Gabriel García Márquez, autor del Cien años de soledad—una historia en que lo extraordinario o irreal forman parte de la vida diaria—, la obra que le mereció al autor el premio Nobel de Literatura en 1982 y con la cual se dio a conocer el nombre de Colombia en el mundo entero. La campaña fue un éxito. En la respaldada publicación Lonely Planet de 2017, por primera vez Colombia aparece en la lista de países que hay que visitar.

Perspectivas 3.2

“La respuesta es Colombia” es la frase que acompaña al logo-símbolo con que se conoce a Colombia en el mundo. ¿Cómo se refleja la actitud de los colombianos hacia su país en esta frase?

18 Comprensión 1.2, 1.3, 2.1, 2.2

Interpretive Reading or Listening
Presentational Speaking or Writing

1. ¿Cuáles son las principales características de los colombianos?
2. ¿En qué eventos o festividades se celebran aspectos típicos de la cultura colombiana?
3. ¿Cuál es la importancia natural e histórica del Parque Nacional Natural Tayrona?

Understanding numbers in a text

When a text you are reading has a lot of numbers, pay attention to them as you skim the article. Are they all the same kind? What do they reference? Categorizing them may help you better understand the content.

¿Cómo se comunica la “generación muda”? 1.2, 2.1

Jóvenes comunicándose, ¿pero con quién?

Ocho de cada diez millennials prefieren enviar mensajes de texto a hablar por teléfono [...] Dado las 2 horas y media al día que usamos el móvil, solo unos 20 minutos corresponden a llamadas, ¿es el fin de la conversación telefónica? [...] Todo parece indicar que las llamadas telefónicas están pasando a la historia. La “generación muda” [...] prefiere enviar mensajes de texto y usar las redes sociales para comunicarse, en lugar de llamar por teléfono o tener una conversación con otra persona [...]”

“Escribo a mis amigos en WhatsApp. Twitter, a veces en Facebook Messenger [...] cualquier cosa que implique teclear”, dice Laura, una joven británica. [...] Como ella, muchos otros jóvenes en todo el mundo eligen esa forma de comunicarse: la llamada “mensajería instantánea”.

De hecho, ese tipo de comunicación es la más habitual entre los jóvenes británicos de 16 a 24 años. [...] El 49 por ciento de los adolescentes admite que envían mensajes instantáneos a otras personas aunque estén en la misma habitación [...]. Y una investigación en Estados Unidos [...] encontró que el 92 por ciento de los adolescentes del país jamás¹ usa sus celulares para hacer llamadas de voz. Pero ¿por qué escribir en lugar de llamar?

“Obviamente, llamar es lo más fácil. Pero, simplemente, no me gusta”, cuenta Laura. “Es, probablemente, una cosa generacional. Nuestros padres y abuelos solo tenían teléfonos fijos y nunca tuvieron móviles. [...]”

“La gente joven tiene derecho a decir: ‘Nosotros no lo hacemos como ustedes. Así es como nos comunicamos, es una forma distinta’. Y ese es un patrón² de cambio que se repite también en la moda³, la música y la cultura [...] y en cómo la gente elige comunicarse”.

La idea que da vueltas 1.2, 3.1, 3.2
de Gabriel García Márquez

Les voy a contar, por ejemplo, la idea que me está dando vueltas en la cabeza hace ya varios años y sospecho que la tengo ya bastante redonda. Imagínense un pueblo muy pequeño donde hay una señora vieja que tiene dos hijos; uno de 17 y una hija menor de 14.

Está sirviéndoles el desayuno a sus hijos y se le advierte¹ una expresión muy preocupada. Los hijos le preguntan qué le pasa y ella responde: "No sé, he amanecido² con el presentimiento de que algo grave va a suceder en este pueblo". Ellos se ríen de ella, dicen que esos son presentimientos de vieja, cosas que pasan.

El rincón del arte 1.2, 3.1

Roberto López Fuentevilla es un artista mexicano bien conocido en México e internacionalmente. Nació en la Ciudad de México pero hace varios años que reside en San Miguel de Allende, donde tiene una galería. Esta obra al lado es una vista de la ciudad desde arriba. Se ve el centro, la iglesia San Miguel Arcángel, el horizonte en la distancia y en primer plano (*up close*) las abundantes buganvillas. ¿Cómo ejemplifica esta pintura todo lo que has aprendido sobre San Miguel de Allende?

Syntalk is Fun, Simple, Language Learning

Syntalk is a visual language learning methodology that delivers astonishing results immediately! Syntalk uses a symbol method, with each image representing a word in the target language. What makes Syntalk unique is that the symbols represent all parts of speech, and they are introduced and practiced in the context of a complete sentence. Students will learn vocabulary and grammar in a natural way and have fun interpreting the self-explanatory pictures.

Learning French is as easy as 1, 2, 3!

Step #1: Learn

Introduce the symbol cards in meaningful sentences

Step #2: Repeat

Practice through repetition with writing and paired communication activities in the Student Workbook

Step #3: Have fun!

Program Components

Symbol Cards are at the core of the Symtalk method. Students use self-explanatory symbols in the place of words to create meaningful sentences. The symbol cards represent all parts of speech: subjects, nouns, adverbs, prepositions, and more.

Student Workbook reinforces vocabulary through writing and paired communication activities. The vocabulary is recycled throughout the book and across levels.

Teacher's Edition Workbook provides the pages of the student workbook with margin notes that include teaching tips, additional activities, and assessments.

Communicative Board Games foster communication and enhance listening skills in a meaningful context. Students interact in pairs, small groups, or as a class, using the board games.
